

RECEIVER PROGRAMMING INTERFACE

With the unit on, press and hold the POWER ON button for 4 seconds. Once released "Pro" will be displayed at the top of the LCD. 

To scroll through the main menu headings, press the FREQUENCY. 

To enter a selection's sub-menu press the UP ARROW (GAIN UP) key. 

To browse a selection's menu, press the FREQUENCY. 

In the sub-menu, once the desired option is selected, exiting the sub-menu after toggling to the desired setting, will save the selection. To select a desired mode or frequency hold the FREQUENCY/MODE KEY for 2 seconds to select the desired option. 

To exit a selection's sub-menu use the DOWN ARROW (GAIN DOWN) button. 

Once in the main menu, exit the programming by pressing the POWER ON button. This returns to the normal operation mode.
